

DON'T LET AN UNRELIABLE SUPPLIER HOLD UP YOUR SCHEDULE

Trimax to the rescue!

MX15 Series

MANUAL RESET CIRCUIT PROTECTOR

is a unique, low-cost fuse holder replacement.

The MX15 offers a trip-free mechanism with "snap-action" circuit protection.

The snap-in mounting feature fits a range of panel thicknesses from 1.0 to 3.0mm.

Actual size

19mm x 19mm x 52.8mm
